Anybody can learn to make money rapidly operating in Stocks, by the "Two Unerring Rules for Success," in Messrs. Lawrence & Co.'s new circular. The combination method, which this firm has made so successful, enables people with large or small means to reap all the benefits of largest capital and best skill. Thousands of orders, in various sums, are pooled into one vast amount and co-operated as a mighty whole, thus securing to each shareholder all the advantages of the largest operator. Immense profits are divided monthly. Any amount, from \$5 to \$5,800, or more can be used successfully. N. Y. Baptist Weekly, September 25th, 1878, says, "By the combination system \$15 would make \$75, or 5 per cent.; \$50 pays \$50, or 7 per cent.; \$100 makes \$1,100, or 10 per cent. on the stock, during the month, according to the market."
